

INFECTION CONTROL

Your health and welfare are important to us. We strictly comply with all recommended infection control procedures. We also follow rigorous cleaning, disinfecting, and sterilizing procedures of all instruments.

Healthy gums and teeth for life

PAYMENT POLICIES

We ask you to pay our bills when you visit us. We accept cash, checks, and credit cards.

Insurance benefits vary, so it's important that you know and understand your coverage. We'll complete and file the necessary papers for you. Your carrier may pay all or some of your bill, but remember we ask you to pay at the time of service for any balances your insurance won't cover.

We will give you an estimated fee for treatment needed before we start. We base our fees on knowledge, clinical experience, materials used, and staff skills. You'll find an excellent value for the highest quality of dental care you receive.

We are committed to our patients by standing behind everything we do in our office

REFERRALS

There is no greater compliment than having you ask us to care for your friends or family members.

We appreciate your vote of confidence and pledge to care for these "VIP's" as well as we care for you.

If your family doctor has referred you to our practice, we'll stay in touch with your physician during treatment. We always strive to work as a team to provide you the best care possible.

We want to keep you smiling

Also maximizing the optimum levels of personal development, academics, clinical excellence, and financial prosperity.

CHECKUPS

We like to see you every six months to keep your teeth and your gums in top condition no matter how well you brush or floss, we must professionally clean your teeth to remove plaque build-up. We can also spot early stages of gum disease and start treatment before you have serious problems. It is easy to forget about regular check-ups, but they are exactly what you need for good dental health. So for your health and convenience, we will automatically setup appointments for you, every six months.
